DATASHEET

GFX-350

Display

The GFX-350™ display is the latest Android™-based, easy-to-use display from PTx Trimble. This cost-effective solution offers great functionality and a simplified installation process, providing access to autosteering and application control for every farm. Add in Bluetooth® and Wi-Fi® connectivity to go along with ISOBUS compatibility and any grower can tackle farming applications from every season across all equipment brands.

Key Features

- 7" High-definition color touch-screen display
- Android-based operating system
- Rugged construction for everyday field use
- Compatible with NAV-500™ and NAV-900 guidance controllers
- ISOBUS task controller and universal terminal
- Control up to 2 channels and 24 sections
