FJD WIRED CAMERA

NO DROPS, JUST CLARITY

The FJD Wired Camera uses 18 infrared LEDs to give you super clear 1080P HD images. It's built specifically for farm work, providing excellent night vision and a very stable signal. This ensures you have reliable and clear images to help with your operations, day or night.

Infrared Night Vision

You get a clear vision up to 13 meters (about 42 feet) in complete darkness. This makes working at night much safer and easier.

IP67 Protection

Built tough for rough conditions, it's fully protected against rain, snow, heat, dust, and even high-pressure washdowns.

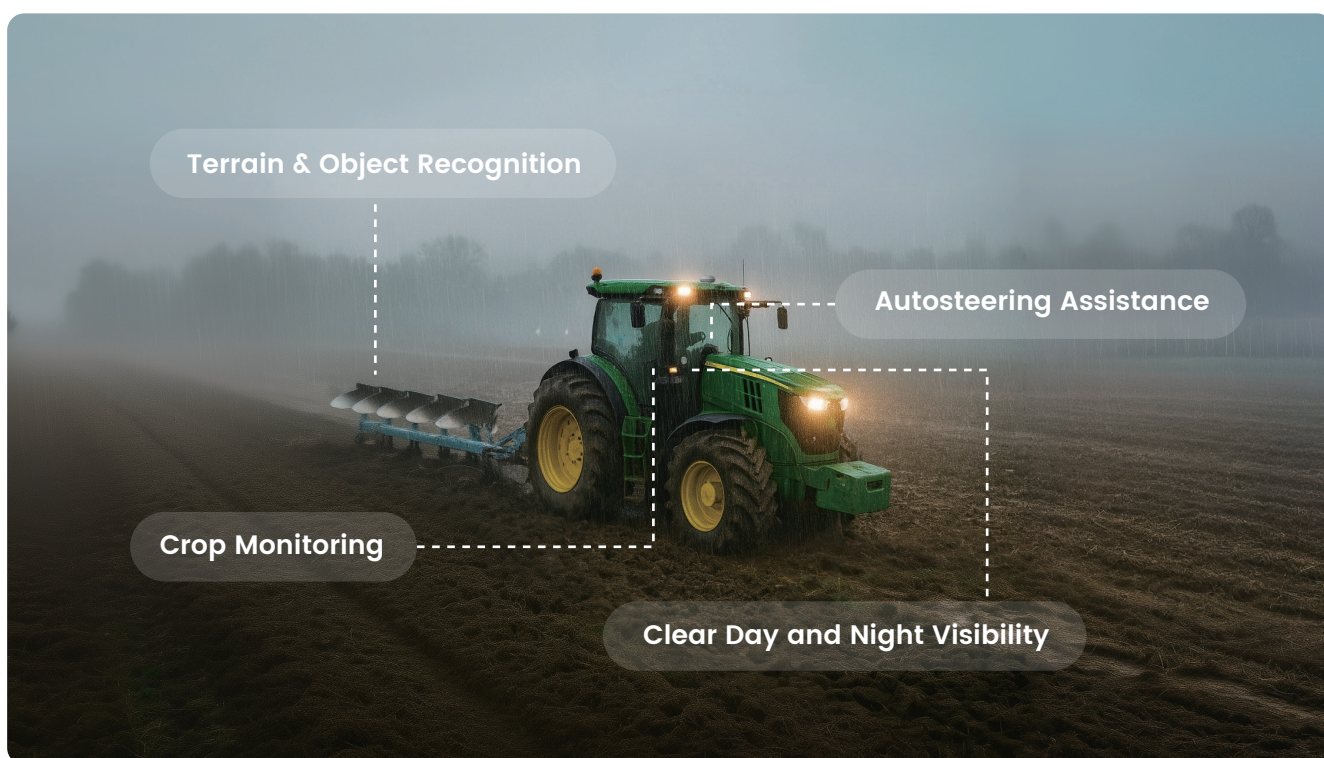

Real-Time Transmission

Wired connection offers a stronger signal and super stable video, so you see things happening right away.

High-Quality Imaging

Equipped with a 2MP sensor, the camera supports ICR switch for the best picture, no matter the lighting.

QUICK SPECS

Dimensions	75x55x72 mm
Resolution	1920*1080
System Format	PAL
Video Output	AHD
Backlight Compensation (BLC)	Auto

Electronic Shutter (AES)	Auto
Field of View	127°
Operating Voltage	9-36V
Operating Temperature	-20°C to 70°C
IP Rating	IP67
